

Meet the Staff....

Jeni Miller

As a child, I was a basketball player but wanted to be a gymnast. I convinced my mom to let me go to a 6-week class 15 min away once a week, but after the course was over, my mom said it was too much driving and I had to quit. When I had a daughter, I signed her up for gymnastics, and she loved it. It was then that I realized that I have an eye for scores. I wanted to learn more so I signed up for the exam in 2003 and didn't tell a soul. I received my 5/6 rating. I went thru the steps and have been a national judge for 2 cycles (each cycle is 4 years). I have now been judging for 21 years and have had the privilege of judging in Trinidad and the Dominican Republic and across the US. I believe in awarding 10s when earned, and I have given out at least 10 in my career. Judging is something I do for fun; my full time job is working as a safety director in powerline construction that utilizes helicopters rather than bucket trucks.
